

## Downloading the myD-H Mobile Application

### Apple® and Android™ App Download Guide

Follow the steps below to download and log into the **myD-H** mobile application.

Note: You must have a **myD-H** account before logging into the mobile app.

- ▶ **Step 1**  
Download the free MyChart application from the iTunes App Store or Google Play Store (search for "Epic MyChart").

- ▶ **Step 2**  
Select the MyChart Application.

- ▶ **Step 3**  
Accept the Apple or Android License Agreement.

- ▶ **Step 4**  
Select your location (**New Hampshire or Vermont**). **Note:** If your network location provider is enabled, your location will be automatically selected.

- ▶ **Step 5**  
Select **Dartmouth-Hitchcock myD-H** from the list of available health care providers.

- ▶ **Step 6**  
Log in using your myD-H account.

### To create a myD-H account

Go to **myD-H.org**. Once you establish an account, you can then select the **myD-H** mobile app icon to login.

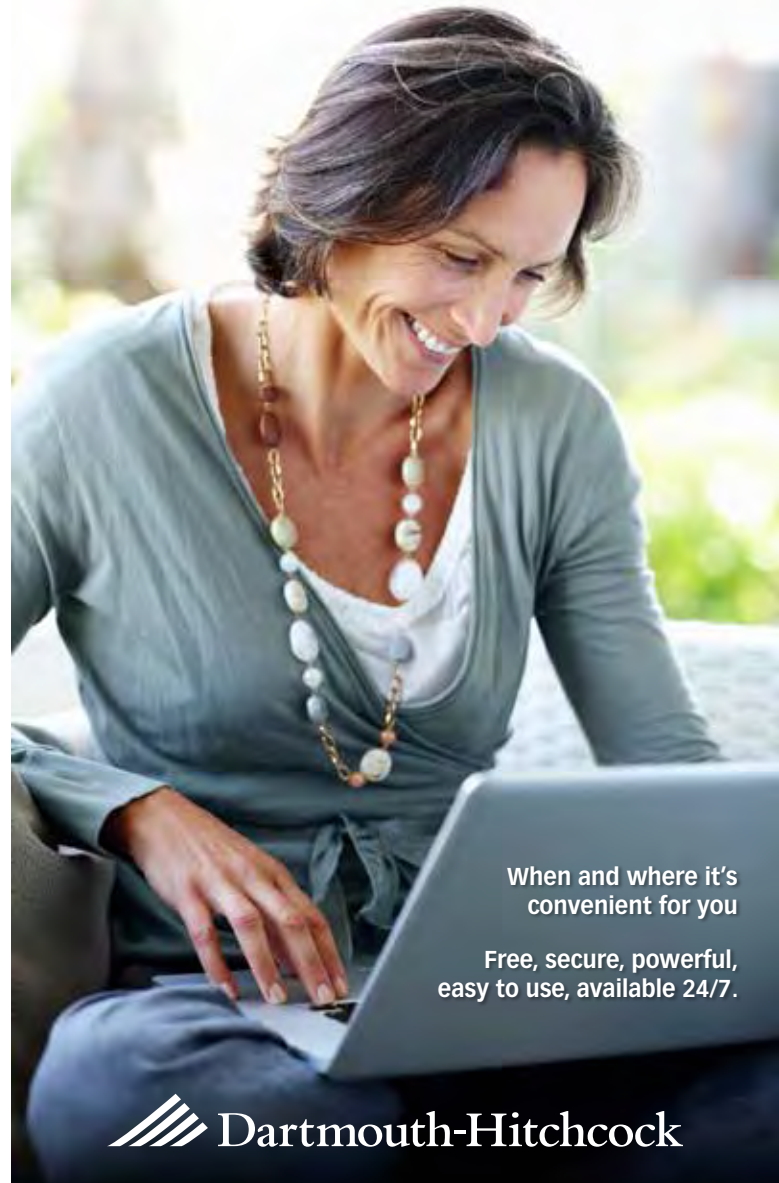

While the myD-H mobile app includes variations of myD-H features, it does not replace the web-based version of myD-H. There are certain features that patients can access only in the web-based version including: questionnaires, bill pay, insurance updates, request appointments, referral updates, preference changes (email, password, security questions), detailed office notes and activation.

# Manage Your Health Care

# myD-H

When and where it's convenient for you

Free, secure, powerful, easy to use, available 24/7.

 **Dartmouth-Hitchcock**

# myD-H

With myD-H it's never been easier to manage your health care online, on the go and around the clock.

You can access myD-H in a web-based format and through the myD-H mobile app.

## With myD-H you can:

- Communicate with your health care team
- Review and print notes made by your provider during each appointment
- Request, reschedule or cancel an appointment
- Receive appointment reminders
- Request prescription renewals
- Receive lab or other test results
- Complete any needed health information questionnaires from home – no need to arrive extra early for your appointment
- View your account balances and make payments online using a credit card
- Have proxy access to another person's Dartmouth-Hitchcock health record – your child, another family member, or any other person, with proper legal documentation
- Search our health library for information about medical conditions, diagnostic tests, prescription medications and more

## What information is available through a medical record with myD-H?

- Problem List
- Medical History
- Test Results
- Hospital Admissions
- Medications
- Allergies
- Immunizations
- After Visit Summary
- Office Notes
- Appointments
- Referrals

### Point your web browser to [myD-H.org](http://myD-H.org)

Follow the simple directions and you'll be on your way toward taking charge of your health care, when and where it's convenient for you!

## myD-H Mobile App

The **myD-H** mobile app is available so you can easily and confidentially manage your health from your mobile device anytime, anyplace.

### Similar to the web-based myD-H, the mobile app allows you to:

- Contact Your Health Care Team
- Renew Your Prescription
- Check Lab and Radiology Results
- Review Your After Visit Summary
- Manage Your Appointments

### Download the myD-H mobile app today!
